THERE have been many conflicting claims as to the proper treatment of the hair. There has been much confusion and ignorance. Now the confusion is ended. The way is known definitely—safely. The most eminent authorities known have prescribed the way to prevent the loss of the hair's life and luxuriance.

The scientists tell

The Council of the American Medical Association (the highest authority known) has recognized Resorcin Monoacetate for the treatment of dandruff (seborrhea) and baldness (alopecia)—the common foes of beautiful hair. Resorcin Monoacetate is an important ingredient of "La Creole" Hair Tonic. With this valuable remedy in this delightful form, abundant vigorous hair is easily attained.

Simple directions

Two or three times a week apply "La Creole" Hair Tonic to the scalp. Rub with a rotary motion of the finger tips. Scalp circulation is then stimulated, hair roots supplied with needed nourishment, and dandruff quickly eliminated. You will soon notice the improvement in the loveliness of your hair.

Shampoo also

Cleanliness also is essential for beautiful hair. Regularly every ten days or two weeks shampoo the hair

thoroughly with "La Creole" Liquid Shampoo. Like "La Creole" Hair Tonic, its companion, "La Creole" Liquid Shampoo, is made from an exclusive formula. It is the only shampoo containing menthol. Its base is purest coconut oil. You will instantly notice its delightful stimulating effects. It not only makes the hair soft and lustrous. It makes scalp and pores glow with clean health and vigor for proper functioning.

After shampooing apply "La Creole" Hair Tonic. Follow these rules faithfully and notice the new beauty and vigorous health of your hair. When purchasing "La Creole" Hair Tonic be sure to get "La Creole" Liquid Shampoo also because the formula of each is designed to aid the other.

"La Creole" Hair Dressing is a treatment for the gradual restoration of the natural dark color to hair that has grown gray, gray streaked or faded.
